SPRING, 1903.

WE take pleasure in presenting herewith our trade list for the Spring of 1903, and extending our sincere thanks to all our patrons, a continuance of whose orders we endeavor to merit by honorable dealing, and supplying the best stock at reasonable prices. Our stock is of the best quality, young, thrifty, and graded to the highest standard.

We desire to call special attention to the extent and completeness of our stock, both in Fruit and Ornamental Departments, which with careful grading and packing, as well as our personal attention to every detail of the business, is worthy the consideration of our customers, to whom we guarantee reasonable satisfaction in every case.

With our large storage cellars and packing houses, and system of water-works, distributing water to all parts of our packing grounds, we feel that our facilities for the careful and proper handling of nursery stock are very complete.

Our nurseries have been properly inspected by the State Entomologist, as will be seen by his certificate on last page of this catalogue.

Our shipping facilities are unexcelled. Bloomington being an important railroad center, we are able to forward promptly to all sections. With the Illinois Central R. R., Chicago & Alton R. R., Lake Erie & Western R. R., and the C., C., C. & St. L. R. R. (Big Four), and their branches, we have direct communication with Chicago, St. Louis, Cincinnati, Kansas City, Indianapolis, Dubuque, Cairo and LaFayette by daily freight trains without transfer. On account of our unusual facilities we are also enabled to obtain very low freight rates to all points. We ship with flattering results to Australia, Mexico, New Zealand, Nova Scotia, Oregon, Washington, California, Maine, and all the other states in the Union.

We exercise the greatest care to have all articles true to name.

PHOENIX NURSERY COMPANY.

TERMS AND CONDITIONS.

Terms of Payment—Cash, satisfactory security, or references before shipment of stock. All orders to be sent by express, "C. O. D." must be accompanied by ONE-FOURTH THE AMOUNT IN CASH.

Remit by Postal or Express Money Orders, Bank Drafts on New York, Chicago or St. Louis, payable to order of PHOENIX NURSERY COMPANY, or currency by express prepaid.

Orders and Conditions of Sale—Please order EARLY, with order legible and separate from body of letter, with name of Postoffice, County and State. and how you wish packages directed on the ORDER.

Long specified lists are subject to special prices. Needed specifications as to age, size, style, etc., state on the order, to save the trouble of referring to previous correspondence.

Particular varieties named in order furnished as far as practicable. Orders forbidding substitution we fill so far only as we can supply the sorts specified.

Prices—All articles listed in this catalogue will be furnished to the trade at prices quoted, regardless of quantity ordered; except where items are quoted by the 1,000, not less than 500 will be furnished at 1,000 rates.

Packing—Prices do not include packing. Packing carefully done in boxes mostly, sometimes in bales or parcels, for which we charge moderately; for large boxes, 8 or 9 feet by 2½, three of which usually hold 1,000 5 to 6-foot apple—\$2.50 each, and in proportion for larger or smaller boxes. NO CHARGE FOR DELIVERING AT RAILROAD, EXPRESS, OR POSTOFFICE HERE. On lots by mail, postage and packing extra. Trees per carload, when loaded in bulk in box cars, no additional charge for loading and packing in car. When flat cars are used and boarded up, we charge for additional labor, lumber and material used.

Shipping—We usually commence shipping in the Spring about March 10.

We prefer parties ordering should indicate the route by which they wish stock sent. In absence of particular directions, we forward to the best of our judgment; but in no case do we assume any responsibility after consignment to purchaser, unless for our own mistakes. When losses occur by detention en route, claims should be made on the carriers immediately.

It is our custom, when sufficient time is given, to obtain through Freight or Express Rates on all Shipments.

To our customers at a distance we would state that the postal rate on Trees and Plants has been reduced from 16 cents to 8 cents per pound, and can be shipped in any number of four-pound packages to one address. We ship a great many root grafts, seedlings, cions, greenhouse plants, etc., in this way.

Direct all letters to PHOENIX NURSERY COMPANY, P. O. BOX 625, BLOOMINGTON, ILLINOIS.

The Following are Our Leading Sorts of Standard Pears:

BARTLETT, BARTLETT-SECKEL, BELLE LUCRATIVE, BESSEMIANKI, BEURRE BOSCH, BEURRE CLAIRGEAU, BEURRE EASTER, BEURRE D'ANJOU, BUFFUM, CLAPP'S FAVORITE, DANAS HOVEY, DOYENNE BOUSSOCK, DUCHESS D'ANGOULEME, DOYENNE DE ETE, DUCHESS DE BORDEAUX, EARLY HARVEST, FREDERICK CLAPP, FLEMISH BEAUTY, GARBER'S HYBRID, GOODALE, HOWELL, IDAHO, KEIFFER'S HYBRID, KOONCE, LOUISE BONNE D'JERSEY, LAWRENCE, LAWSON, LE CONTE, MANNING'S ELIZABETH, MT. VERNON, ONONDAGA, OSBAND'S SUMMER, PETITE MARGUERITE, PRESIDENT DROUARD, SHELDON, SECKEL, SOUVENIR DU CONGRESS, TYSON, VERMONT BEAUTY, VICAR OF WINKFIELD, WASHINGTON EARLY, etc.

The Following are Our Leading Sorts of Dwarf Pears:

BEURRE D'ANJOU, CLAPP'S FAVORITE, DUCHESS D'ANGOULEME, EARLY HARVEST, FLEMISH BEAUTY, HOWELL, IDAHO, KEIFFER'S HYBRID, LOUISE BONNE D'JERSEY, MT. VERNON, SECKEL, TYSON, VICAR OF WINKFIELD, etc.

ROSSNEY PEAR.

The best and handsomest pear yet produced. Hardy and productive. Ripens two weeks after Bartlett. Strong grower. Luther Burbank, the most noted horticulturist of the age, says under date of October 5, 1895: "The samples of Rossney Pear arrived in due season. The large size, handsome form, and creamy yellow skin with crimson blush gives the fruit a tempting appearance; and the tender, creamy flesh, of just the right texture, with no hard spots and an unusually small core, with its superior flavor, makes it about the best pear so far seen. If the tree is vigorous, healthy and productive, would prefer it to any other, even the standards, Bartlett or Seckel." See price above.

LONGWORTH'S No. 1 PEAR.

The Pear for the Northwest.

This is a very hardy Seedling Pear of recent introduction; originated at Dubuque, Iowa, and was grown from seed some forty years since by the veteran nurseryman and horticulturist, Wm. Longworth. The tree is a strong, upright grower, entirely FREE FROM BLIGHT, and an enormous bearer. Fruit, medium to large, nearly round; skin yellow with warm blush on the sunny side; flesh rather coarse, juicy, sugary, good flavor. Ripens from first to middle of September.

Having thoroughly tested this variety, we have no hesitancy in recommending it to the public for general planting. This pear has withstood our severest winters without the slightest injury, while other varieties were frozen to the ground. Being free from blight and EXTREMELY HARDY, it is a very desirable variety, and should be planted largely. See price above.

	100	1000
PLUM—On Plum, 5 to 7 feet, $\frac{3}{4}$ in and up.....	\$27.50	\$250.00
“ “ “ 4 to 6 feet, $\frac{5}{8}$ to $\frac{3}{4}$ in.....	22.50	200.00
“ “ “ 3 to 4 feet, $\frac{1}{2}$ to $\frac{5}{8}$ in.....	20.00	175.00
“ “ “ 3 to 4 feet, mostly branched.....	15.00	140.00

Red Jacket —(Josselyn)The best American red variety yet produced. Fruit large and of good quality, free from mildew, 2 years.....	10.00	80.00

BLACKBERRIES.

	100	1000
Mersereau —This early Mammoth ironclad blackberry originated in Northwestern New York, where the mercury falls from 15 to 25 degrees below zero, and where it has stood in open field culture for a great many years without the slightest protection and has never been injured. It has proved hardy here, very prolific, and the fruit is large, sweet, and of good color. We consider it superior to Snyder, our standard here in the West. It is hardy and quite as prolific as Snyder, and the fruit is much larger and better. Unsurpassed as a keeper and shipper.....	\$ 3.00	\$20.00
Early King —grown from root cuttings.....	1.50	12.00
Snyder —The berry of the West. Strong grower, very hardy, very productive. Never fails to bear a full crop; seven acres yielded 43,000 quarts. First class.....	1.50	10.00
Early Harvest —grown from root cuttings.....	1.50	12.00
Taylor's Prolific —grown from root cuttings.....	1.50
Stone's Hardy —grown from root cuttings.....	2.00	15.00
Erie —Very large and very early. Prolific.....	2 00
Eldorado —Among the good points of this valuable new blackberry are great productiveness, hardiness, extra fine quality and sweetness of flavor; without core. The berries are large, jet black, borne in clusters and ripen well together. Sweet, melting, rich and pleasant to the taste. From all indications it is one of the best blackberries grown.....	2.50

DEWBERRIES.

	100	1000
Lucretia Dewberry —Best of all.....	\$ 2.00	\$10.00

STRAWBERRIES.

We will furnish strawberry plants of the varieties marked a star (*) in 10,000 lots or over @ \$2.25 per thousand.

	100	1000
Barton's Eclipse —New, large, very productive.....	\$.50	\$3.00
Brandywine —This is the handsomest berry grown. Fancy market variety of fine rich flavor and large size. It is dark red to the center.....	.50	3.00

STRAWBERRIES—Continued.

	100	1000
*Beder Wood—Most productive. Considered the very best early variety.....	8 .50	\$3.00
*Bubach's No. 5—Very strong, vigorous, and exceedingly stocky.....	.50	3.00
*Captain Jack—Vigorous, hardy, very early.....	.50	3.00
*Crescent Seedling—Celebrated, wonderful bearer.....	.50	3.00
*Chas. Downing—Old reliable, one of the best.....	.50	3.00
Clyde—New. Abundant bearer, fruit large. Strong grower, succeeds everywhere.....	.50	4.00
Enhance—Very productive, well tested and satisfactory.....	.50	3.50
Haviland Seedling—Said to be the earliest large berry yet produced.....	.50	3.50
Jessie—From Wisconsin. It has no defects worth naming.....	.50	3.00
*Lovett's Early—We consider this variety the very best early strawberry, both for home use and market. Immense bearer. Very large and firm. An excellent fertilizer.....	.50	3.00
Manchester—Vigorous, enormously productive, fruit large, firm, late.....	.50	3.50
*Ruby—One of the very best medium early berries we have; plant strong and vigorous; fruit large, dark red. Exceedingly productive.....	.50	3.00
SENATOR DUNLAP—Introduced 1900, by Rev. J. R. Reasoner, Champaign County, Illinois. Is in bearing here and has given the greatest satisfaction as to hardiness, productiveness and quality. Blossoms perfect. Fruit generally large, bright, or slightly dark red, very glossy, firm, a splendid keeper and shipper, and one of the best canning berries. Of the Warfield type.....	.50	3.00
*Splendid—From Northern Illinois. The best berry for home market and table use yet produced. Better and larger than Crescent and ripens one week earlier. Berries even in size, all ripening about the same time. Very prolific. Flavor excellent. Self-fertilizer.....	.50	3.00
*Sharpless Seedling—Largest, most productive of all strawberries.....	.50	3.00
Timbrell—Berries large to very large, dark crimson. Very firm, good shipper, plant strong and healthy. Very prolific.....	.50	3.50
*Warfield's No. 2—Most highly esteemed for its large, uniform size and good shipping qualities.....	.50	3.00
Wilson's Albany—Enormous bearer, reliable.....	.50	3.50
*Wolverton—From Canada. One of the best. Berries large. Fine grower, foliage very vigorous and free from blemish. A pollenizer of the strongest potency.....	.50	3.00

RASPBERRIES.

	100	1000
Black Diamond—From Michigan 1901. Strong grower and hardy. Berry medium. Very sweet. Highly recommended.....	\$2.50	\$20.00
Cuthbert—One of the best, most profitable berries for general planting; upright, very hardy, prolific; fruit brilliant red, juicy, excellent quality.....	.50	4.00
Columbian—New—Deep purplish red, sweet and highly flavored; extra strong canes, wonderfully productive. Berry large.....	2.00	12.00
Cumberland—The best black raspberry yet introduced. Berry larger than Gregg. Very firm and a good shipper. Unusually productive. Hardy and a strong grower. Ripens with Gregg.....	2.50	20.00
Eureka—Very early and productive: fruit large strong grower. Hardy; an excellent market variety.....	1.00	8.00
Gregg—RELIABLE, hardy, the very largest and most productive Black Cap.....	1.00	8.00
Golden Queen—The best yellow raspberry yet introduced; vigorous, hardy, and remarkably productive; upright.....	2.00
Hilborn—New, Black Cap, superior quality, fruit large; very hardy; originated in Canada..	1.00	8.00
Kansas—New; ripens just after Souhegan; berry as large or larger than the Gregg. Very vigorous and productive; tips.....	1.00	6.00
Loudon—The best red raspberry yet introduced and the most productive. Large size, bright color, very hardy, good shipper.....	1.50	10.00
Mammoth Cluster—Old and reliable, large Black Cap, tips.....	1.00	6.00
Miller—New, red, large and very productive.....	.75	6.00
Nemaha—New, Black Cap, very hardy, ripens with Gregg and resembles it in fruit.....	1.00	8.00
Older—Very hardy, vigorous and productive. Berries sweet and rich, of large size; jet black; ripens before Gregg.....	1.00	8.00
Shaffer's Colossal—New, purple, large, very productive, tips.....	1.50	10.00
Souhegan—Early, Black Cap, very productive.....	1.00	8.00
Turner—Upright, almost thornless, vigorous, red, bears 125 to 150 bushels to the acre.....	.50	4.00
Tyler—Black Cap, early.....	1.00	8.00

GRAPES.

 We have an unusually large and fine stock of grapes this season.

	100	1000
Agawam—(Rogers No. 15) 2 years, old reliable, large, red, one of the very best.....	\$ 4.00
Blood's Black—Very early, 2 years.....	8.00
Brighton—2 years; hardy, productive, exquisite flavor, resembling Catawba in color.....	5.00
Campbell's Early—New, hardy and vigorous, very prolific, berry large, flavor rich and sweet. Flesh firm but tender. Very early; 2 years.....	8.00	\$70.00
Catawba—Late red, 2 years.....	4.00
Champion or Talman—Early black, 2 years.....	4.00
Christine—(Telegraph) early, hardy, black, 2 years.....	6.00
Clinton—2 years.....	4.00
Concord—2 years.....	3.00	25.00
Cottage—Seedling of Concord. Sweeter and earlier; 2 years.....	4.00
Delaware—2 years.....	5.00
Diana—2 years.....	7.00
Dracut Amber—Large, early, brown, 2 years.....	7.00
Duchess—A new seedling, white grape, 2 years.....	7.00
Early Victor—2 years.....	8.00
Elvira—White, productive, 2 years.....	4.00
Empire State—White, 2 years.....	6.00
Eaton—A large, showy black grape; ripens before Concord, 2 years.....	8.00
Hartford Prolific—2 years.....	4.00
Herrman—Black wine grape, 2 years.....	8.00
HERCULES—This new black grape which originated in this county was first offered by us. The vine is a strong, healthy grower, hardy and productive; bunch large, long and broad; berries unusually large and round; ashade darker than Worden and covered with a blue bloom; ripens with Concord. The fruit of this variety was exhibited at the World's Fair, 1893, by the New York Experimental Station, where it created a great deal of interest. 2 years.....	25.60
ILLINOIS EARLY—A new grape which originated with the late G. A. Ensenberger, of this city, some ten years ago. The vine is very hardy, strong grower. Fruit large, purplish black, ripens with Moore's Early. Berry adheres well to the stem, and we believe will make an excellent shipping variety. 2 years.....	25.00
Isabella—2 years.....	5.00
Ives' Seedling—Early, 2 years.....	3.50
Janesville—Very early, hardy, productive, 2 years.....	8.00
Jefferson—2 years, new, red, very productive, hardy and vigorous.....	8.00
Lindley—(Rogers No. 9) Very large, one of Roger's best, lighter in color than Agawam; 2 years.....	5.00
McPIKE—We have in this new wonderful black grape, great size, superior quality, hardy wood and bud, very large leathery leaves. Fruit ripens same season as Worden. This new grape ripens evenly and has only one and two seeds. Skin tender and pulp melting. 2 years.....	40.00
" 1 year.....	30.00
Martha—White Concord, 2 years.....	4.00
Merrimac—(Rogers No. 19) One of Rogers' best black grapes; 2 years.....	5.00
Moore's Early—Bunch large, berry round, black, very early, ripens 10 days before Hartford Prolific, 2 years.....	5.00	40.00
Moore's Diamond—2 years, white, well known.....	4.00
Moyer—A red grape from Canada; resembles the Delaware, but better and earlier; said to be three weeks earlier than Concord, very hardy; 2 years.....	5.00
Niagara—Most popular white, 2 years.....	5.00	40.00
Norton's Virginia—Arbor and wine grape, 2 years.....	8.00
Noah—2 years, white.....	8.00
Perkins—White or bronze, 2 years.....	8.00
Pocklington—Golden, very prolific; bunch very large; an excellent market variety; 2 years.....	5.00	40.00
Prentiss—White, 2 years.....	8.00
Salem—(Rogers No. 53) Berry large, round, coppery red; bunch large and compact; one of the very best; hardy and productive; 2 years.....	5.00
Vergennes—New, amber, hardy, vigorous, productive; 2 years.....	5.00
Wilder—(Rogers No. 4) Black, an excellent market variety on account of its large size and beauty; ripens with Concord; hardy and productive; 2 years.....	6.00
Worden—Better than Concord, 2 years.....	5.00	40.00
Wyoming Red—Best early red, double size of Delaware, ripens a week to 10 days in advance of Concord; 2 years.....	6.00
Woodruff Red—Strong and vigorous grower, very large and handsome, hardy; 2 years.....	8.00

GARDEN ROOTS.

ROOT GRAFTS—[Order Early.]

 Largest Stock and Assortment.

Our Season for Making Root Grafts Closes March 15.

Root Grafts are Cions and Roots grafted and tied together, ready for planting in nursery rows. Orders for special lists of sorts  PLEASE SEND EARLY, with one-fourth cash with order, balance before shipment. This is very important to secure best grafts and your selection of sorts, as we take special pains in cutting and putting up cions for early orders. Please don't forget this. No extra charge for packing. Even 50's or 100's of each sort will be put up at the following prices. For smaller or broken lists, prices will be given on application.

PRICES INCLUDE PACKING.

	1000	10,000
Apple --Price of assortments.....	\$ 5.50	\$50.00
“ On whole roots. Price of assortments.....	7.50	70.00
Pear —On whole roots.....	12.00
“ “ “ Rossney.....	20.00
“ “ “ Longworth No. 1.....	15.00

 We do not recommend the planting of Prune, Plum, and Cherry root grafts. They succeed best from buds.

EVERGREENS.

CLEMATIS.

All Hardy. Home Grown. On own roots. An unusually fine stock.

Duchess of Edinburgh —Double white, of vigorous habit, free bloomer, very fragrant, 2 years, strong plants from 4-inch pots	10	190
“ DORMANT , 2 years.....		\$25.00
Flamula —Sweet scented. Produces large clusters of small white flowers. Most fragrant of all Clematis. Dormant, 2 years.....		25.00
General Grant —This excellent new Clematis originated in this city. It is supposed to be a hybrid of <i>Velutina Purpurea</i> and <i>Gem.</i> Growth very strong and vigorous. Very hardy. Large flowers of the <i>Henryii</i> type. Petals well rounded. Of the brightest velvety reddish purple, shaded with bright red. This is the first American Clematis, of extra fine merit, and undoubtedly new shades of color, in large flowering Clematis. It has been grown here for some years, and has proved to be unusually hardy and free blooming, 2 years; strong plants from 4 inch pots.....		\$10.00
Henryii —New, and one of the best perpetual hybrids, of robust habit, and very free bloomer. The flowers are large, white, and very showy. 2 years; strong plants from 4 inch pots		35.00
Jackmanii —Deep violet purple, flowers produced in masses; one of the best, especially for bedding, 2 years; strong plants from 4 inch pots.....		25.00
“ Strong plants from open ground, 2 years.....		25.00
Jackmanii Alba —Without exception this is the best hardy climbing plant that has been sent out for many years. It has all the characteristics of the <i>Jackmanii</i> , being free blooming and as vigorous. The flowers are nearly pure white, and make a fine contrast when planted near <i>Jackmanii</i> . It has been tested for years and has always won favor wherever grown. 2 years; strong plants from 4 inch pots.....	3.50
Madam Baron Veillard —The flowers are large and of a satiny lavender pink; in form very much like <i>Jackmanii</i> ; 2 years; strong plants from 4 inch pots		30.00
Madam Edouard Andre —A new French variety, entirely distinct and most novel. The nearest approach to a bright red yet produced. This Clematis was exhibited at the World's Fair, Chicago, in the French department, and attracted great attention, owing to the brilliancy of its flowers. The plant is a strong, vigorous grower, being a hybrid of the popular <i>Jackmanii</i> variety, which it resembles in freedom of bloom, strong, vigorous growth, shape and size of flowers. 2 years; strong plants from 4 inch pots....		25.00
Paniculata —New. A strong, vigorous grower; very free flowering. Pure white. Unusually fragrant. 2 years. Dormant.....		19.00
Ramona —A strong, rampant grower and very hardy. Free and perpetual bloomer; flowers large, color, a deep sky blue; 2 years; strong plants from 4 inch pots.....		25.00
“ From open ground, 2 years.....		25.00
Star of India —A very showy, very free flowering sort, with large flowers, first of a reddish plum color, changing to a violet purple, with turkey red bar in the center of each flower leaf. A distinct variety of great merit. July to October. 2 years.....	3.00
Virgin's Bower —Common white flowering. 2 years. Dormant.....		8.00
Viticella —Common purple. 2 years. Dormant.....		8.00

HARDY HERBACEOUS FLOWERING PLANTS.

The following assortment embraces the most desirable kinds and varieties, and in great demand for permanent planting. They are all showy, beautiful plants, of easy cultivation.

Anemone Whirlwind —A new, semi-double form of Anemone Japonica Alba, which is supposed to be a cross between this beautiful variety and a Japonica Rosea. In general style and habit it is identical with the white Anemone. It is of the same strong habit of growth, and is even more free-flowering than the original type. The flowers, which are 2¼ to 3 inches across, have several rows of pure white sepals, and the advantage of lasting much longer than the single varieties.....	10	100	\$ 8.00
Achillea —THE PEARL. Double, white.....			8.00
Asclepias —TUBEROSA. Butterfly flower, brilliant orange red.....			6.00
Aster —MICHAELMAS DAISIES. Assorted varieties. Indispensable for fall blooming.....			6.00
Anthemis Tinctoria —HARDY GOLDEN MARGUERITE; of dense, bushy habit, with large, golden yellow flowers.....			\$ 1.50
Aquilegia —COLUMBINE, assorted.....			8.00
Anthirrhinum —QUEEN VICTORIA. White snap dragon. Fine for cutting.....			8.00
Arabis —ALPINA. Very early, white flowers; splendid for borders and rock work.....			4.00
Callirhoe —INVOLUCRATA. An elegant trailing plant with large saucer shaped flowers of deep rosy crimson. Continuous bloomer throughout the season. Desirable for borders and rock work.....			6.00
Cinnamon Vine —Climbing, very handsome, rapid grower.....			3.00
Campanula —BELLFLOWER. Blue.....			4.00
Coreopsis Lanceolata —A hardy perennial that should be planted in every garden. The flowers are clear bright yellow, very attractive. A profuse bloomer and perfectly hardy. Thrives in almost any situation. Invaluable for summer cut flowers. Strong clumps, 2 years.....			6.00
Delphinium —FORMOSUM—Blue Larkspur.....	1.50	
“ PUMILUM ALBUM. Dwarf, white.....	1.50	
Dielytra Spectabilis —BLEEDING HEART. An excellent stock.....			7.00
Dianthus —HARDY PINKS, assorted. 2 and 3 years.....			8.00
“ BARBATUS. The well known Sweet William.....			8.00
Digitalis —PURPUREA. Fox Glove.....			6.00

HARDY HERBACEOUS FLOWERING PLANTS—Continued. 10 100

Euphorbia —CORALLATA. Flowering Spurge, fine white.....	\$ 6.00
Eulalia Japonica Variegata —ORNAMENTAL GRASS. Leaves striped green and white.....	8.00
" Japonica Zebrina —New zebra striped grass.....	8.00
" Gracillima Univitata —Narrow green leaves with a silvery-white midrib.....	8.00
Funkia —DAY LILY, white, blue, and variegated.....	8.00
Gypsophila —PANICULATA. Smoke flower.....	8.00
Helianthus Multiflorus —Double, Dwarf, SUNFLOWER, dark, golden yellow color, grows from 3 to 5 feet in height. Never fails to flower the first season of planting. One of the hardiest and best herbaceous plants.....	8.00
" Maximillian —An elegant specie, the latest bloomer of its class, as well as one of the latest of all flowers. Clear yellow, from 3 to 5 inches across, with several rows of petals. Center full. Handsome in bud and flower. Height 8 feet.....	8.00
Heliopsis —PITCHERIANA. Very valuable for cut flowers, resembling Sun Flowers, but covering a longer season of bloom and earliest in summer. A new form with dwarf habit, giving a succession of deep orange yellow flowers, from June to October. 3 feet.....	8.00
Heuchera —SANGUINEA, Alum Root. One of the very few red flowering, hardy perennials. Flowers in graceful spikes. Very profuse. From 2 inch pots.....	4.00
" SANGUINEA —Alba, white flowering; splendid for cut flowers. From 2 inch pots....	5.00
Hemerocallis —ORANGE DAY LILY. Clumps.....	4.00
Hollyhock —Double, white, yellow, pink, red, sulphur, and maroon, from 3 inch pots.....	5.00
Hibiscus —CRIMSON EYE. The stems and wood are deep red, and foliage is beautifully veined. Flowers immense. Color a clear snow white, with a brilliant crimson eye.....	10.00
Iberis —Sempervirens. Hardy Candytuft, evergreen. Beautiful white flowers early in spring.....	6.00
Iris —GERMANICA. German Iris, assorted.....	4.00
" KAEMPFERI . Japan Iris, mixed.....	8.00
Lathyrus —ASSORTED—(Perennial Pea) Four sorts; free climbers, well adapted to growing on garden trellises, to cover walls, stumps, and trees, and with their constant blooms give striking results.....	8.00
" LATIFOLIUS , (Perennial Pea.) Dense clusters of deep red flowers. Constant bloomer all summer. Fine for cutting.....	8.00
Liatris —SPICATA. Blazing Star. Deep purple flowers; June to August.....	6.00
Lychnis —HAAGEANA. Broad heads of showy flowers, varying from orange red to richest crimson.....	6.00
Lobelia —CARDINALIS. Cardinal Flower. Long spikes of beautifully formed, deep, fiery, cardinal flowers; very effective. From 2 inch pots.....	4.00
Pæonies —See page 20.	
Pardanthus —CHINENSIS. (Blackberry Lily.) Easily grown in ordinary garden soil, 4 feet, June to September. Showy orange-red flowers, spotted with purplish brown spots.....	5.00
Pyrethrum Uliginosum —This is considered by many the finest autumn flowering plant we have, growing four feet high, and covered with a profusion of large white flowers. Resembles the Paris Daisy in form of flowers. Very useful for fall cutting; August to frost.....	6.00
Phlox —HARDY PERENNIAL. The improvement made in this beautiful class of plants the past few years is perhaps more marked than in any other section of the Hardy Herbaceous family. Instead of the small flowers produced by the older varieties, which were almost limited in color to lilac and white, we now have gorgeous flowers combining all the various tints of rose, carmine, red, purple, white and salmon, with their distinct eyes. They require no care but dividing and resetting every second year. Their vigorous growth and freedom of bloom make them very useful plants. Perfectly hardy everywhere. We have the following named varieties: <i>From open ground; strong plants.</i>	
ALCESTE —Very beautiful large flowers, white, shaded lilac; enormous bluish violet center. Good. Almost identical with Duquesin and Gloria....	13.00
AMOR —Pure pink, center light flesh pink. Dwarf grower, forming round compact heads.....	10.00
BOULE DE FEU —Dwarf grower, very large flowers of bright rosy crimson. Extra fine.....	10.00
COQUELICOT —Large flowers, bright orange, center purple; a very bright color. We consider this the best variety of its color and among the very best yet produced. Habit dwarf. Very vigorous.....	15.00

HARDY HERBACEOUS FLOWERING PLANTS—Continued.

Phlox —CROSS OF HONOR—Light lilac, each petal regularly striped with white; very attractive. Medium sized flowers.....	10.	100.
DUQUESLIN—Flowers large and perfect, bluish violet, shading to white at edges; crimson eye. Very striking.....		\$ 8.00
ESCLAIRMONDE—Flowers large and perfect, bluish violet, with lighter shading and dark center.....		10.00

GREENHOUSE AND BEDDING PLANTS.

Thirty Thousand Square Feet Under Glass for plants and propagating purposes give us unusual facilities; so we can truly say our plants are in most splendid health and vigor, of the best size and shape for shipping, and put up in the most approved manner for safe transit. They are usually sent by express, for which there are excellent facilities at this point.

Purchaser's selections gladly allowed, as far as practicable, without extra charge.

50 AT 100 RATES. NOT LESS THAN 5 OF A VARIETY.

NEW GERANIUM—E. H. Trego.

This is the best scarlet geranium yet produced. It was grown by careful hybridization from seed of Mrs. E. G. Hill, crossed by P. Crozy, by the noted florist, A. Shriver. We have tested this variety for the past five years and can truly say it is the largest flower and brightest scarlet geranium we have yet seen, and that it cannot be excelled for bedding purposes. The color is a deep scarlet of exquisite shade; the florets are regular in form, more than semi-double, and about two and a half inches in diameter. Trusses, enormously large on long stems. Foliage and habit are all that could be desired. It has also proved to be an excellent winter bloomer. We are the first to offer this magnificent sort to the public, and do so with the fullest confidence that every purchaser will be more than pleased. Price, from 2½-inch pots, \$1.25 per 10; \$10.00 per 100.

Prices, except as noted, are for first-class plants of shipping sizes.

Agapanthus—UMBELLATUS. Blue Lily of the Nile. Flowers produced on long spikes.	10	100
Very desirable.....	\$10.00
Abutilons—6 sorts from 2½-inch pots.	\$.50
“ SOUV. DE BONN—Variegated. From 2½-inch pots.....	.50
Ageratum—PRINCESS PAULINE. A most distinct and novel variety of dwarf; compact habit, rarely exceeding five inches in height, its peculiarity being that both colors, blue and white, are combined in the same flower; the body of the flower being white, while the stamens are of a light sky blue, giving the flower a pretty variegated appearance; one of the most distinct new bedding plants that has come under our observation. From 2½-inch pots.....	4.00
“ STELLA GURNEY. This new Ageratum is a very short, compact grower, well branched. An extremely free bloomer. The individual tufts are very large and dense. The color is intense blue, the most beautiful ever seen in Ageratum. Continuous bloomer; unequalled as a bedding plant. From 2½-inch pots.....	4.00
Alternanthera—2 sorts, 2-inch pots. Price per 1000, \$25.00.....	3.00
Alyssum—Double dwarf, 2½-inch pots.	3.00
Asparagus Tenuissimus—Graceful, fern-like climber. From 4-in. pots.....	1.50
“ Sprengerii—From 4-inch pots	1.50
Aspidistra Lurida—Fine for window culture, 4-inch pots.	2.50
Azalea—INDICA. From 6-inch pots.....	7.50

CANNAS.

We offer the following choice collection of French Cannas, which we consider among the best standard sorts offered. We consider the Canna the grandest and most effective summer bedder, and constantly increasing in popularity. Price, except noted, Dry roots, per 100, \$2; 1000, \$15.00.

Allemania—Dark scarlet, border yellow. Flower large. Foliage green.

Austria—Pure canary yellow. Flowers large, open. Foliage green.

Burbank—The orchid-flowered; having clear, beautiful yellow flowers. The plant is a very strong grower, 5 to 6 feet high, with leaves with a texture like rubber. Excellent for planting in shady situations. Foliage green.

Explorateur Crampbell—Bright crimson, with darker markings. Foliage green.

Florence Vaughn—Golden yellow, spotted red. Foliage green. Dry roots, per 100, \$3.00.

Flamingo—Finest scarlet bedder. Foliage green.

J. D. Eisele. Fine vermilion scarlet, overlaid with orange. Very showy. Foliage green. Dry roots, per 100, \$3.00.

Madam Crozy—Vermilion scarlet, bordered yellow. Foliage green. Dry roots, per 100, \$3.00.

Mlle. Berat—Nearest approach to pink. Fine bedder. Foliage green.

Queen Charlotte—Crimson scarlet, bordered gold. Foliage green. Dry roots, per 100, \$3.00.

Sec. Chabanne—The best salmon colored. Strong grower. Foliage green.

We can furnish the above varieties of Cannas after May 1st, started in 4-inch pots, at \$8.00 per 100.

PLATE BOOKS.

COLORED PLATES OF FRUITS AND FLOWERS.

Our stock is composed of hand-painted plates—new, handsome and showy and the best in the market.

OFFICE OF THE ILLINOIS STATE ENTOMOLOGIST.

Urbana, Ill., July 17, 1902.

This is to certify that the growing nursery stock and the premises of the Phoenix Nursery Company, situated at Bloomington, Ill., have been inspected according to the provisions of an Act to prevent the introduction and spread in Illinois of the San Jose Scale and other dangerous insects and contagious diseases of fruits, approved and in force April 11, 1899, and that no indications have been found of the presence of the San Jose Scale or other dangerous insect or plant disease. This certificate is invalid after June 1, 1903.
